

## **Imago COVID Policies**

Last Updated January 21st, 2022

Imago is committed to offering a fun, safe camp experience. In order to do so, we have created a set of COVID-19 related policies. Imago's COVID policies are in place to do our part to stop or minimize the spread of the coronavirus and to maximize the safety of our campers, their families, and our staff. **Our policies have been developed using the best practices and guidance from the Centers for Disease Control and the State of Ohio Department of Health and reflect the most up-to-date recommendations and procedures that are currently available.**

**Please note that these policies may change as updated or new guidelines are provided by the CDC or the state of Ohio.**

### **Before the Camp Day Begins**

- We ask that campers who are showing symptoms of COVID-19 or have a fever of 100 degrees or greater are kept at home.
  - Cough
  - Shortness of breath or difficulty breathing
  - Fever
  - Chills
  - Muscle pain
  - Sore throat
  - New loss of taste or smell
- Campers who have tested positive for COVID-19 will be asked to remain home.
- Campers who have come into close daily contact with a person who has tested positive for COVID-19 will also be asked to remain at home.

### **During the Camp Day**

- Campers and staff will be asked to wear masks while inside Imago's education building during the camp day. Masks will be optional for campers and staff while they are outdoors. Wearing masks may be required when maintaining a distance of six feet apart is not possible.
- Imago staff will perform regular sanitation of materials and spaces during the camp day.
- Campers and staff will increase handwashing times including after activities, before and after eating and going to the bathroom, and regularly throughout the day.

### **Illness During the Camp Day**

- Should a camper become sick during the course of a camp day, they will be given their own space to isolate, in clear view, and in contact with an Imago staff member.
- Parents will be asked to pick up their child in an efficient and timely manner should they become sick during the camp day

### **Camper Pick Up**

- We ask that parents not come to the camp building to pick up a camper. If a camper needs to be picked up early, we ask that you let Imago staff know ahead of time and that you contact our staff when you arrive at Imago and we will escort your camper out to you.

### **After the Camp Day**

- Imago staff will sanitize all camp spaces and camp materials used each day after camp ends.

### **Sudden Cancellation and Refund Policy**

Families should be aware that there are situations out of Imago's control that may close camp for a day, a week, or more. Those situations include a confirmed positive case of COVID-19 in a camper, staff, or members of their household. This could also include an order to close from the State of Ohio. In the event of a camp closing, or a possible closing, Imago will communicate with you as quickly as possible about any changes in the status of the camp. Please review the Cancellation and Refund Document for more details on cancellations and refunds.
